

## **DECISION MAKING AUTHORITY**

The Board of Governors is the final decision- making authority in the matter of the Academy. However, the Board of Governors has delegated its powers to the Hon'ble Patron of the Academy (Hon'ble the Chief Justice) to make decision on its behalf.

Every matter, whether it is administrative or a proposal for some new trainings, is invariably placed before the Hon'ble Patron of the Academy for approval and only thereafter further action thereon is taken by the Academy.

The academy is fully accountable for all matters pertaining to the Academy.
